

Parking Memo  
6-27-13

After the last email concerning the common areas, several residents ask that the board send out a reminder regarding the rules and regulations for parking. These rules can be found on the Sonnet Springs web site under Rules & Regulations sections 4.1 - 4.7. The reminders below are paraphrased directly from the Rules and regulations.

Reminders: 1) All streets are considered private and speed limit is 10 miles per hour; 2) No boats, trailers (house, camping, boat), recreational vehicles, commercial vehicles shall be parked or stored in the subdivision except for limited periods of time; 3) no mechanical work will be performed on any kind of vehicles in the subdivision, 4) Residents are asked to park within their garage and in driveways when possible. The conversion of the garage into living areas, storage, workshop or any other modification which hinder the number of vehicles that the garage is designed to hold is prohibited and 5) Guest parking areas are not to be used by Owners, renters or anyone residing with them.

Residents using the guest parking seems to a hot topic so please abide by the rules.

Thank you.

HOA Board  
Tinka Piper, Secretary
